Mobius Innovation & Development, Inc. Reports Successful 2006

Viera, FL. (March 23, 2007) – Mobius Innovation & Development, Inc., a leader in CAD consultation has completed accounting procedures and is reporting a very successful first full year of service.

As a privately held company which does not publish revenue or profit figures we can point to a few items that clearly indicate success. First, and a key factor, Mobius Innovation & Development, Inc. has established new business in areas of Defense & Consumer Products. Second, the majority of key capital expenditures have been completed, including software and hardware to support the business. Lastly, the year ended in profitability and no debt.

“I am very proud of what has been accomplished in our first full year. New customers, no debt, and profitability in the first year, it is a great feeling. As the name Mobius Innovation & Development, Inc. gets out there, people are finding they have a consulting company they can rely on to deliver results and provide honest and direct feedback. This includes design as well as high level CAD consulting services. I remain very excited about the future for Mobius Innovation & Development, Inc. and the industry”, said Tim McLellan, President.

The firm offers services including mechanical design, solid modeling methodology, and consulting in areas around CAD and PLM.

###
