**Mobius Innovation & Development, Inc. Reports Successful 2007**

Viera, FL. (April 20, 2008) – Mobius Innovation & Development, Inc., a leader in CAD consultation has completed accounting procedures and is reporting another successful year of service.

As a privately held company which does not publish revenue or profit figures we can point to a few items that indicate our continued success. First, and a key factor, Mobius Innovation & Development, Inc. has retained and established new business in areas of Defense, Consumer Products & Automotive. Secondly, the year ended in profitability and no debt.

“I am very proud of what has been accomplished in 2007. We are maintaining satisfied customers, obtaining repeat business, bringing in new customers, and continued profitability. Companies are finding a consulting company they can rely on to deliver results and provide honest and direct feedback. This includes design as well as executive level consulting services. I continue to remain very excited about the future for Mobius Innovation & Development, Inc. and the industry”, said Tim McLellan, President.

The firm offers services including mechanical design, solid modeling methodology, and consulting in areas around CAD and PLM.

###
