Mobius Innovation & Development, Inc. Storage Concept Finishes in Top 10

Viera, FL. (February 1, 2008) – Mobius Innovation & Development, Inc., a leader in CAD consultation competed in the *2007 NASA Tech Briefs Create the Future Design Contest*.

The entry ***Hide-Away Storage System – Attic Storage Never Looked So Good***, which was in the Consumer Products category, finished in the Top 10 most viewed. “With 178 entries in this category it was very rewarding to see us finish so high. Every year we challenge ourselves to come up with a few internal projects that we think will have value in the marketplace. We do this to help keep innovation alive. We have come up with some very special ideas, and this was one of them. It was actually quite enjoyable” said Tim McLellan, President for Mobius Innovation & Development, Inc.

For more information on our contest entry please contact us or visit <http://www.createthefuturecontest.com>.
